

UK & Ireland Society of Cataract & Refractive Surgeons (UKISCRS) Programme

Thursday 28th November 2024

Time	Topic	Faculty
0745 - 0845	REGISTRATION AND INDUSTRY EXHIBITION	
0845 - 0900	President's Welcome	Prof. Paul Ursell
0900 - 1030	Presidents' Plenary: Best of UK & Irish Societies	Moderators: Ms. Navpreet Dhillon & Ms. Laura Crawley
0900 - 0910	RCOphth. The UK College's view on training future surgeons	Prof. Ben Burton
0910 - 0920	ICO. The Irish College's view on training future surgeons	Mr. John Doris
0920 - 0930	BINOC Cataract done, still can't see!	Prof. Susan Mollan
0930 - 0940	UKISCRS. Dementia and vision	Prof. Paul Ursell
0940 - 0950	UKEGS MIGS for cataract surgeons – which and why?	Miss Nishani Amerasinghe
0950 - 1000	BEAVRS Retinal pathology, OCT scans and IOL options	Ms. Roxane Hillier
1000 - 1010	BOPSS. Protecting the ocular surface for the corneal surgeon	Ms. Katy Tambe
1010 - 1030	Q&A. Discussion	Panel
1030 - 1100	COFFEE AND INDUSTRY EXHIBITION	
1100 - 1245	Learning to survive and thrive	Moderators: Ms. Bitu Manzouri & Mr. Tom Flynn
1100 - 1112	The good the pandemic has wrought	Mr. Arthur Cummings
1113 - 1125	Making the best of the NHS	Ms. Sarah Maling
1126 - 1138	Developing your brand	Mr. Ali Mearza
1139 - 1151	Working with industry	Mr. Milind Pande
1152 - 1204	Working for the company	Dr. Sandro Di Simplicio
1205 - 1217	Avoiding burnout	Prof. David Lockington
1218 - 1244	Q&A. Discussion	Panel
1245 - 1345	LUNCH AND INDUSTRY EXHIBITION	
1345 - 1445	Best of Trainees Free papers/Videos	Moderators: Mr. Mario Saldanha & Miss Seema Anand
1345 - 1350	Comparison of visual outcomes, spectacle independence and patient satisfaction with micro-monovision implantation of two aspheric Toric intraocular lenses (IOLs) in the public health sector: Preliminary results of a prospective, randomised, controlled study.	Dr. Ashmal Jameel
1351 - 1356	The Refractive Aim in Cataract Surgery in the National Health Service: Two-Year Data	Dr. Khayam Naderi
1357 - 1402	Is There An Association Between Masculinizing Hormone Therapy And Cataract Development?	Dr. Sahib Tuteja

Time	Topic	Faculty
1403 - 1408	Comparison of visual outcomes, spectacle independence and patient satisfaction with micro-monovision implantation of two aspheric intraocular lenses (IOLs) in the public health sector: Updated results of a prospective, randomised, controlled study.	Dr. Ashmal Jameel
1409 - 1414	Designing a hazard perception test for cataract surgery - a new safety initiative.	Dr. Alasdair Innes Simpson
1415 - 1420	Risk Factors of Late Intraocular Lens Displacement: a Multi-National Study	Mr. Aman Chandra
1421 - 1426	Angle Kappa and unaided reading speed in pseudophakic eyes with monofocal intraocular lens: MEROV Study report 3	Mr. Mayank Nanavaty
1427 - 1432	Incidence and factors for pseudoaccommodation after monofocal lens implantation: the Monofocal Extended Range of Vision study	Mr. Mayank Nanavaty
1433 - 1438	Quantifying cataract with lens densitometry and spatial contrast sensitivity: correlation with visual acuity and clinical grade	Dr. Rahul Makam
1439 - 1444	A novel technique for porcine corneal lenticular implantation in patients with moderate and advanced keratoconus	Mr. Marwan Ghabra
1445 - 1456	Video presentations	
1446 - 1454	Anterior segment reconstruction using IOLs in combination with sulcus-based, scleral-sutured or intracapsular artificial irises	Prof. Charles McGhee
1455 - 1500	Winning Video	The Winning Video from the Young Ophthalmologists Programme
1501 - 1506	Yamane scleral IOL fixation with preservation of the anterior hyaloid	Mr. Imran Masood
1510 - 1540	TEA AND INDUSTRY EXHIBITION	
1540 - 1715	'The expert's guide to avoiding sleepless nights in complex refractive cases'	Moderators: Mr. Mayank Nanavaty & Mr. Allon Barsam
1540 - 1550	Addressing the legacy of RK	Mr. Sheraz Daya
1551 - 1601	Post graft astigmatism and lens options	Ms. Seema Anand
1601 - 1611	'CXL plus' melting and extrusion	Prof. David O'Brart
1612 - 1622	Flap and lenticule dramas	Ms. Laura de Benito-Llopis
1623 - 1633	Avoiding ocular surgery with scleral contact lenses	Mr. Brian Tompkins
1634 - 1644	Managing refractive surprise	Mr. James Ball
1645 - 1715	Q&A. Discussion	Panel
1715 - 1730	AGM; Prize giving.	
1730 - 1740	Round up and day-one learning objectives.	Prof. Paul Ursell

UK & Ireland Society of Cataract & Refractive Surgeons (UKISCRS) Programme

Friday 29th November 2024

Time	Topic	Faculty
0730 - 0830	Registration and industry exhibition	
0830 - 0845	President's Welcome	Prof. Paul Ursell
0845 - 0900	Digital microscopes in anterior segment surgery: Advantage or just another gadget?	Mr. Benedikt Wurm
0900 - 1010	What will cataract surgery look like at the 100th anniversary celebration?	Moderators: Prof. Filomena Ribeiro, Mr. Paul Rosen & Mr. Milind Pande
0900 - 0912	IOLs as drug delivery systems	Mr. Paul Rosen
0913 - 0925	Will Robotics take over my job?	Prof. Marc de Smet
0926 - 0938	Artificial Intelligence will choose the patient's IOL	Dr. Damien Gatinel
0939 - 0951	How do we meet global demand for cataract surgery?	Mr. Larry Benjamin
0952 - 1010	Q&A. Discussion	Panel
1010 - 1040	TEA AND INDUSTRY EXHIBITION	
1040 - 1153	How Cataract surgery has changed...	Moderators: Prof. Vance Thompson, Prof. David Lockington & Prof. Sathish Srinivasan
1040 - 1052	Endophthalmitis & Intracameral antibiotics	Mr. Steve Arshinoff
1053 - 1105	Lens materials; hydrophilic, hydrophobic and others	Dr. Elizabeth Yeu
1106 - 1118	MIGs in cataract surgery	Mr. Ike Ahmed
1119 - 1131	IOLs in Paediatric Cases	Prof. Ken Nischal
1132 - 1153	Q&A. Discussion "Which cataract topic needs addressing with evidence going forward?"	Panel
1155 - 1240	The Ridley Eye Foundation Medal Lecture	Introduced by Prof. Paul Ursell
1154 - 1204	How the first IOL was made	Mr. Cary Dawes
1205 - 1235	How Ridley's innovation changed the world	Prof. Dr. Gerd Auffarth
1235 - 1345	LUNCH AND INDUSTRY EXHIBITION	

Time	Topic	Faculty
1345 - 1455	Technology that Sir Harold didn't have 75-years ago	Moderators: Prof. Pannet Pangpathipong, Prof. Andrew Turnbull & Prof. Philip Bloom
1345 - 1355	IOL Design & Quality of Vision: A New Frontier	Prof. Joao Marcelo de Almeida Gusmao Lyra
1356 - 1406	Imaging the anterior segment (ASOCT & UBM)	Prof. Soon Phaik Chee
1407 - 1417	Laser options for refractive surprise	Prof. Jod Mehta
1418 - 1428	Modern biometry measurements	Prof. Ben LaHood
1429 - 1439	Endothelial regeneration	Prof. Gerard Sutton
1440 - 1455	Q&A. Discussion	Panel
1455 - 1510	COMFORT BREAK	
1510 - 1605	Surgical videos IIC/UKISCRS	Chaired by Prof. Ron Yeoh, Prof. Johnny Moore & Mr. Saj Khan
1510 - 1520	Ridley's surgical video	Prof. David Spalton
1521 - 1531	Laser assisted IOL adjustment	Dr. Ruth Lapid-Gortzak
1532 - 1542	Toric sewn to the Iris	Prof. Guy Kleinmann
1543 - 1553	Secondary IOL heroics	Prof. Cathy McCabe
1554 - 1604	IFIS in the Amazon	Prof. Takashi Hida
	The Finale	
1605 - 1614	Opportunities for mission work	Mr. Alistair Wood
1615 - 1625	Summary, thanks and Presidential Handover to David Lockington	Prof. Paul Ursell
